Securities have been pledged to protect all District investments. The Director is awaiting a formal response from Raymond James Investment Advisor Tom Van Gelfen. The Treasurer's Report was accepted on a motion by Commissioner Alfred. Commissioner Englande seconded the motion. Carried.

#### PUBLIC HEARING

##### Proposed 2016 Amended Operating Budget

Director Taylor presented the amended 2016 Operating Budget, with projected expenses of \$9,304,547 and anticipated revenue of \$7,195,530. The increase in expenses was mainly due to the extraordinary capital expenditure of acquiring a replacement aircraft (down payment), contracted aerial services, and information technology upgrades. Commissioner Stuart moved to adopt the amended Operating Budget for 2016. Commissioner Alfred seconded the motion. The motion was submitted to a vote as follows:

Yeas: 4      Nays: 0      Absent: 1      Abstained: 0

Proposed 2017 Operating Budget

The Director presented the proposed 2017 Operating Budget. Expenses are projected at \$9,533,770 and revenue at \$7,615,716. Major factors for the increase in expenditures include final payment for the replacement aircraft, Islander aircraft maintenance and upgrades, and IT improvements. She reported that aircraft insurance will increase by \$20k to underwrite the Twin Otter replacement aircraft. In addition, a revised grand recap from the Assessor's office reflects an increase of approximately \$8000 in ad valorem tax. Discussion followed regarding COL increases and merit evaluations. Commissioner Alfred moved to adopt the proposed 2017 Operating Budget, including the aerial insurance increase. Commissioner Stuart seconded the motion. The motion was submitted to a vote as follows:

Yeas: 4      Nays: 0      Absent: 1      Abstained: 0

JASON TRUMBETTA-ADAPCO-SCOURGE

Jason Trumbetta of Adapco provided a brief synopsis of Bayer's decision to forego re-registration of Scourge. Adapco purchased all remaining quantities of Scourge and is the sole distributor for this adulticiding chemical. Lengthy discussion followed regarding public bid law compliance, degradation, remittance and warehousing.

SALE OF USED VEHICLES

2002 Ford Ranger and 2006 Ford F-150

Director Taylor asked the Board for permission to publish and obtain bids for the sale of two District vehicles. The blue book value for each is estimated at \$2000, based upon high mileage and poor condition.

Commissioner Englande moved to accept and open bids at the January 2017 meeting. Commissioner Stuart seconded the motion. Carried.

CHEMICAL BIDS

There were four chemical bids received from the following vendors: Adapco, Inc., Clarke Mosquito Control, Target Speciality Products and Univar. Commissioner Alfred moved to authorize Director Taylor to review and accept the lowest responsive chemical bids. Commissioner Englande seconded the motion. Carried. The 2017 Chemical Bid Table is attached.

DECEMBER 2016 BOARD MEETING

Director Taylor mentioned that the Board of Commissioners typically does not meet in December. Commissioner Stuart so moved. The motion was seconded by Commissioner Englande. Carried.

LMCA ANNUAL MEETING, DECEMBER 6-8, 2016, BATON ROUGE, LA

Director Taylor distributed per diem and hotel accommodations. Assistant Director Caillouet reported that the meeting will be dedicated to the late District pilots Wayne Fisher and Don Pechon. Former Director Chuck Palmisano will provide a memorial presentation at the meeting.

**AMCA ANNUAL MEETING, FEBRUARY 13-17, 2017, SAN DIEGO, CA**

The AMCA Annual Meeting will be held Monday, February 13 - Friday, February 17, in San Diego, CA. Travel arrangements were briefly discussed.

**MOSQUITO CONTROL REPORT**

Dr. Caillouet reported that 23 mosquito pools returned positive for West Nile virus this season. In addition, one asymptomatic human case was confirmed from a blood donor. Three travel related cases of Zika virus were identified in St. Tammany Parish, with a total of 39 imported cases in Louisiana. Dr. Caillouet traveled to Miami-Dade County and the Florida Keys to observe their Zika virus control operations.

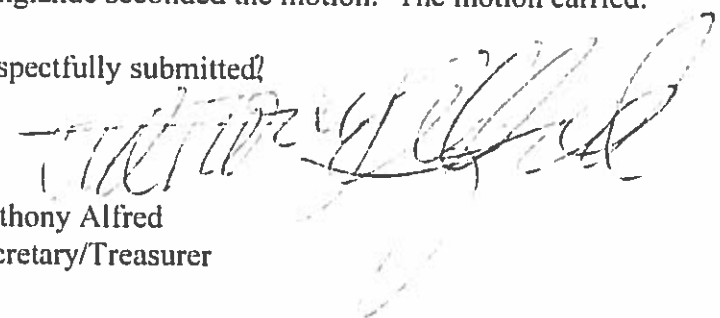

Information Technologist Gary Cummings recently began updating the District's in-house technology and hardware system. He will divide his time between the District and the Assessor's office. The Board will open bids for vector control software at its January meeting.

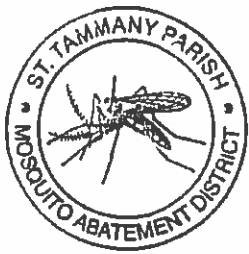

The "Mosquito Proof Your Life" bulletin will be distributed by mail and newsprint before the December 10 millage renewal election.

**ADJOURN**

Respectfully submitted,

  
Anthony Alfred
